VI. PRESENTATIONS/PUBLIC HEARINGS

A. Journey to Growth – Gary Smith, RAEDI appeared before the Council to present “Journey to Growth”. He noted that the anticipated growth from the Destination Medical Center (DMC) initiative is an opportunity we look forward to as both residents and as business leaders. He noted that steps must be taken to diversify our economy in order to avoid becoming overly dependent on one sector and one major employer. RAEDI and the Rochester Area Chamber of Commerce partnered to develop a five-year economic growth plan for our region. He stated that the success of the plan will depend upon everyone – people and organizations working together. He encouraged the Council to call him if there are any questions during the process of the plan.

VII. GENERAL BUSINESS

A. Chicken Ordinance Consideration-Mayor King stated that a public hearing was held on July 8th to receive input on the proposed chicken ordinance. Hanson stated that he represents the majority of the citizens and feels that the majority isn't in favor of allowing chickens. Timm stated that after she went to Rochester and actually saw a home with chickens she is in favor of an ordinance. She stated that our ordinance would control any issues that could become a problem. King stated that he has been around farm animals his entire life and doesn't feel that Stewartville needs a chicken ordinance. He applauded the parents for wanting to teach their children responsibility but also noted that they can have their children do chores at home and for their neighbors to teach them responsibility. He spoke to Cooper Reed and praised him for putting a lot of time into his presentation. He also told Cooper that hearing no for an answer is also part of life. Stensrud stated that he hasn't heard a lot of comments, but those that he did hear were negative. He agrees with King and Hanson that Stewartville didn't need an ordinance. Burgr stated that the ordinance would be in place if a problem did occur and wondered if he didn't do enough to educate the other members of Council. He stated that this would be a positive way to teach children responsibility. He also questioned what sets us apart from other communities who do allow chickens?

Motion by Timm, second by Burgr to approve the Chicken Ordinance as presented. Voting in favor: Timm and Burgr. Voting against: King, Hanson and Stensrud. Motion failed.
